

Stefanie La Manna, PhD, MPH, ARNP, FNP-C

Dr. Stefanie La Manna received her undergraduate degree from Barry University and her Masters in Science, specializing as a family nurse practitioner, from Barry University. Dr. La Manna received her Doctor of Philosophy in nursing at Barry University. Dr. La Manna received her second Master's degree in Public Health with a concentration in Epidemiology on Sept 15, 2015 at Kaplan University.

Dr. La Manna has been a family nurse practitioner since 2001, and her patient population presently consists of adults to geriatrics. Dr. La Manna manages acute and chronic illnesses in the area of internal medicine and specifically in infectious disease both in the hospital and outpatient.

Dr. La Manna's research interests are infectious disease such as HIV, antibiotic resistance, urosepsis, and the importance of immunizations throughout the life span.

Dr. La Manna is also revising her instrument titled "Asthma Safety Knowledge Questionnaire for Coaches." She is interested in coaches' knowledge regarding asthma. She is an advocate for children and adults with asthma and to maintain safety while engaging in activities specifically sports.

Dr. La Manna was hired on May 21, 2012 as an Assistant Professor in the APRN program.
